

Corvatsch 3303
Diavolezza  Lagalb

A ski piste just for you

VIP SNOW NIGHT

It is a picture icon of the Upper Engadine, the illuminated piste on Corvatsch. The 4.2-kilometre-long piste is the longest illuminated night piste in Switzerland. It can be rented for events and special occasions. Winter sports at night, plus a fine meal on the mountain – this is an unforgettable experience that only Corvatsch can offer.

Two fire columns in front of the entrance to the Corvatsch cable car indicate it: Tonight is a special night. To be precise, it is VIP Snow Night. It offers a perfect winter sports experience, on top of that a freshly groomed slope and gondola rides at will. A fine meal in the restaurant or an aperitif on the platform are also possible. Let our sales managers advise you. The VIP Snow Night can be booked for every night, except on Fridays, when the public Snow Night takes place.

The piste is best at night

Skiing at night is much more intense than during the day. This is due to the tunnel vision effect: in front of you is only the illuminated piste, everything around lays in the dark. On the mountain, you are greeted by the clear, cold Engadine night. The piste feels soft and grippy, the turns turn out perfectly and without much effort. It's a feeling almost like being in powder snow. The piste is never as good as during the VIP Snow Night, because it has just been freshly prepared and the piste machine did the last track just before your arrival. Carving on this pristine piste is a completely different feeling than early in the morning, when the piste is also untracked but hard. And best of all, since it's just you and your friends skiing at night, the piste stays in this dreamlike state for several runs. Down in the valley station, you don't need a lift ticket and there's no queuing at the turnstile. The cable car runs on your command, you determine the number of rides. Pure enjoyment.

FAIRY-TALE MOUNTAIN SCENERY

Gastronomy at the VIP Snow Night

Appetizers and drinks can be served on the platform. Then you ride up on the cable car, while down below the dream slope sparkles under the spotlights.

There are two restaurants on the mountain. The cosy and rustic Alpetta restaurant is located directly on the ski slope. It offers space for a total of 80 people in various rooms and is known for its barbecue specialities. Or how about a lively fondue night? We will be happy to advise you in a personal consultation.

Our newly renovated restaurant in the Murtèl middle station is suitable for events with up to 200 people. And the Hossa Bar is the ideal place for your unforgettable après-ski party.

The VIP Snow Night at Corvatsch offers everything for a memorable night with your friends or colleagues.
