

Diavolezza 2978

Corvatsch  Lagalb

Ice pick, rope and crampons at the ready

ALPINE HIKING

The Diavolezza Express route

Requirements

- Difficulty: 12 pitches in the 5+/6- range (M5+ in ice and stone)
- From Diavolezza to the summit, it takes approximately 5–6 hours
- In an emergency, it is possible to abseil down the route; however, it is better to descend via the Arlas ridge, which takes you to Diavolezza in approximately 3 hours
- Equipment: 2 × 50 m double rope, 10 express ice screws, 1 set of climbing chocks, smaller cams, crampons, possibly steep-ice tools

Senda dal Diavel

Requirements

- **Please only travel upwards**
- Mountain hiking boots and helmet
- Good ability to assess terrain and excellent navigation skills
- Solid Alpine experience, including in high Alpine terrain
- Basic knowledge of how to use an ice pick and rope
- Difficulty level information: T5 (challenging Alpine hiking)
- Duration of the tour: 3.5–5 hours
